

“During our search for fundraising counsel we were bombarded by companies showing their wares and asking us to fit into their mold. When Hewett Consulting arrived we felt like someone was finally listening to us. They designed a program uniquely tailored to our needs. We highly recommend them to any organization intent on growth with integrity. We know it works.”

SUSAN BURGESS PARRISH
Executive Director, Habitat for Humanity of Anderson County, TN

“John Hewett is one of the most gifted church and institutional fundraisers in our nation. He has worked with me in two large church campaigns with great effectiveness. He brought extraordinary skills, and he was adaptive to the cultural differences between the two churches. I have recommended Hewett Consulting often and will continue to do so.”

H. STEPHEN SHOEMAKER
Senior Minister, Myers Park Baptist Church, Charlotte, NC
